

EYFS 2021

CHANGES TO THE FRAMEWORK, UPDATED EDUCATIONAL PROGRAMMES AND ELGS
(EARLY LEARNING GOALS)

Reception

Why have they been changed?

The DfE says that the changes are intended to:

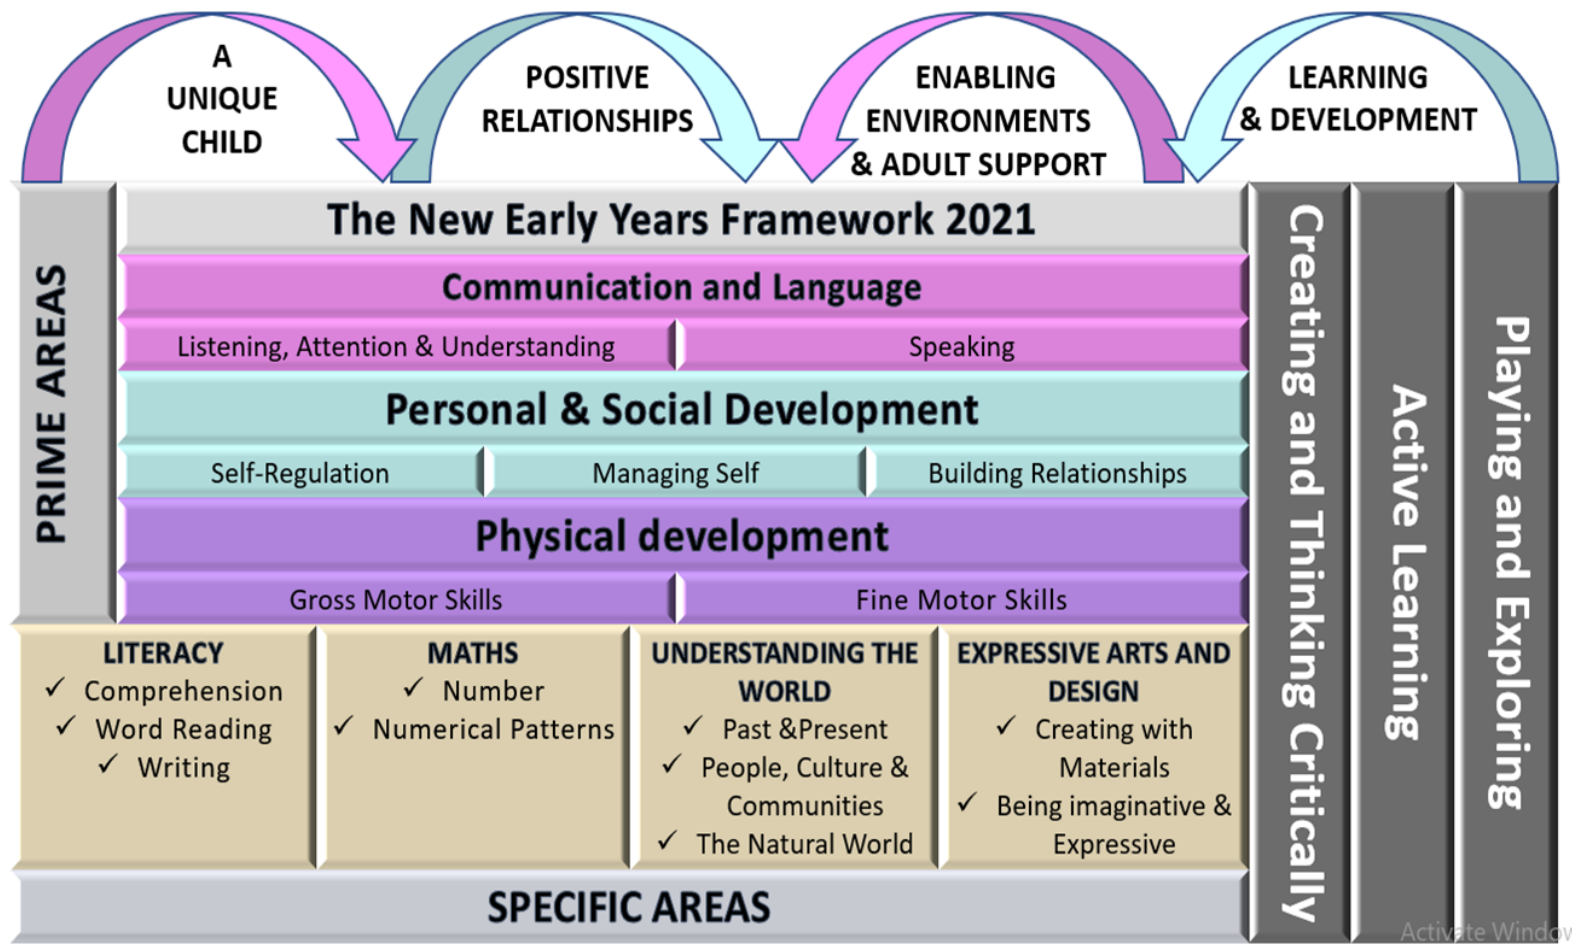

make all 17 ELGs clearer, more specific and easier for teachers to make accurate judgements

focus on strengthening language and vocabulary development to particularly support disadvantaged children

strengthen literacy and numeracy outcomes to ensure all children have a good grasp of these areas of learning in preparation for year 1

ensure the ELGs are based on the latest evidence in childhood development

ensure they reflect the strongest predictors of future attainment.

New Framework

Good Level of Development

3 prime areas in addition to Literacy and Mathematics

Communication and Language – Listening attention and Understanding & Speaking

Personal, Social and Emotional Development – Managing self, Self-regulations, Building relationships

Physical development- Gross motor skills and fine motor skills

Literacy – comprehension, word reading and Writing

Mathematics – Number and Numerical Pattern

Statutory Baseline

Reception Baseline

- ▶ The reception baseline assessment, or RBA is a short, interactive and practical assessment of your child's early literacy, communication, language and mathematics skills when they begin in school. It will be undertaken with your child's class teacher and will measure your child's progress from reception to year 6. The school, the teachers and you, as parents will not be shared and the data will only be accessed by the DFE. The teacher will be able to spend quality 1-1 time with your child, getting to know them and if they need any further support in certain areas. When your child reaches year 6, you will be able to see the progress your child has made throughout their school journey. If you wish to read further on the reception baseline, then you can find a useful parent booklet here;
