Autumn Term 2019

This is me!

For our first term in year 2, we will be focusing on the topic, 'This is me!' This will be an exciting time for us to explore who we are, our community and how we can improve as learners. We will be using art to create imagery, colour and design, painting self portraits and adding to our class displays. In Science, we will be looking at healthy eating, the body and animals in our environment.

Special Visits

As part of our topic, we will be thinking about what makes us different. We will be looking at people with disabilities and will be visited by a guide dog and her owner.

We will also be looking at the different jobs in our community. If you are interested in coming to talk to our class about your job, please let us know!

Christmas!

We are in the process of planning a Christmas school trip this year, we will keep you updated with the details.

English

In English this term, we will be focusing on narrative (writing stories.) Our key story will be Elmer. We have learnt the story using actions and have used story maps to sequence the story. In the following weeks, we will be creating a new character for our story and writing our own version of Elmer.

Our reading will continue to be of importance this term, focusing on using our phonics to read key words and recognising the initial sounds in words.

Handwriting and presentation is a continued expectation from all children in class. We practise handwriting every day, focusing on our letter formation.

Spellings, Reading books and Homework

Spellings will be given out on a Friday and then the children will be tested the following Friday where new spellings will be given.

Homework will be focusing on Maths and English and will also be handed out on a Friday but will need to be handed in by the following Wednesday for marking.

Reading books are changed and reading records checked every day, but must be handed in every morning when children come into class.

P.E Kits

PE will be on a **Monday and Friday**, so please ensure that your child has their PE kit in school on these days. However, PE could take place at any time, so it's easier if your child brings their PE kit in on a Monday and leaves it in school all week to take home Friday for washing, ready for the following week.

Maths Vocabulary

Tens and Ones

Addition

Subtraction

Partition

Please help your child to learn the above vocabulary as it is

Maths

This term we will be covering the following topics;

- Counting to 100
- Place Value
- Comparing Numbers
- Number Bonds
- Number Patterns

Children will be learning their number bonds to 10 and 20 and will complete a range of activities daily to support this.
